

Install Teamviewer

For a Web Meeting or a Presentation by PDC

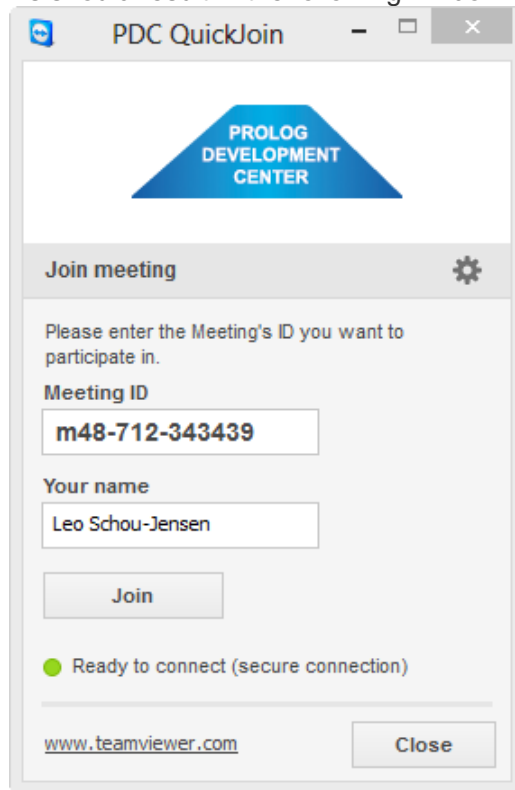

PDC uses "[Teamviewer](#)" to offer fast and easy web meetings or presentations.

How to Get Started

- Download and Run the RemoteSupport application by pressing this button:

- This should result in the following window:

You will receive a Meeting ID from PDC to enter into the form. Please add your own name so the PDC Presenter can identify the individual presentee.

When the PDC Presenter is connected, he/she can show his/her desktop and operations. During the remote session a window is shown (see below). From here, you will be able to activate a chat, voice talk, send files, etc. with the PDC Presenter. When you want to end the session and close the remote support - just click the "x":
